Our Mission

The Louisiana Association of Broadcasters mission is to educate, train, promote and advocate for our members and the Broadcast Industry. We achieve this by:

- Representing our members’ position in the legislative and regulatory process in pertinent branches of State and Federal government;
- Serving as a resource for training, revenue expansion, cost containment and information on evolving governmental policies;
- Encouraging the highest standards in broadcasting by recognizing and sharing examples of excellence and achievement.

The LAB strives to achieve our mission through the combined support, input and leadership of our broadcaster members.
